

GRAB AND GO CHECKLIST

Things that you will need to grab at the last minute.

Your “Grab and Go” List is a *prioritized* list of *irreplaceable* possessions that you will take if you have time to evacuate via a vehicle. Ideally, you should note the item and where it is located in your house to save time. You may also want to create a separate list for each family member. Keep a copy of all lists in your Pre-Packed Evacuation Kit so you can easily locate them during an evacuation. Add to the list as you see fit and make sure all important paper documents are stored in a plastic, waterproof case and/or scanned into a backup device such as a portable hard drive or flash drive.
