

Sidewalk Vending Permit Application

Chapter 12.02 of Title 12 of the Yountville Municipal Code establishes the Town's policies regarding Sidewalk Vending activities. A Sidewalk Vendor is defined as a person who sells food or merchandise from a sidewalk vending receptacle, or from one's person, upon a public sidewalk, pedestrian path, or other public right-of-way. Only sidewalk vendors with valid sidewalk vending permits issued by the Town may vend upon the Town's public right-of-way. Permits are valid for a period of one year from the date of issuance.

Vending Method

Please indicate whether you intend to operate as a stationary sidewalk vendor or a roaming sidewalk vendor (check one).

<input type="checkbox"/> Stationary Sidewalk Vendor This means the vendor will operate from a fixed location. If this method is selected, please include, as an attachment, a map indicating where the business will operate and a description of the sidewalk vending receptacle (pushcart, stand, display, etc.) to be used.	<input type="checkbox"/> Roaming Sidewalk Vendor This means the vendor will move from place to place and stop only to complete a transaction. If this method is selected, please include, as an attachment, a description of the sidewalk vending receptacle (pushcart, stand, display, etc.) to be used.

Sidewalk Vending Permit

Operating Requirements

Permitted sidewalk vending services shall comply with the following requirements, as well as with all applicable requirements, rules, regulation and laws of any other agency having jurisdiction, including but not limited to the County of Napa and the State of California. To the extent of any conflict among the jurisdictions, the most restrictive requirement shall apply to the extent allowed by law.

- A. To maintain accessibility standards for the Town's disabled residents, every sidewalk vendor operating on any sidewalk or public right-of-way must ensure that no obstruction is placed in the sidewalk or public right-of-way that would reduce the width of the sidewalk to less than forty-eight (48) inches, exclusive of the top of the curb. No obstruction shall be located in a sidewalk or public right-of-way less than six (6) feet in width when the sidewalk is adjacent to the curb.
- B. To prevent food-borne illness and protect the health and safety of the Town's residents, every sidewalk vendor selling any food or beverage is required to wear a hairnet and food service gloves.
- C. A sidewalk vending permit does not provide an exclusive right to operate within any specific portion of the public right-of-way.
- D. No equipment or objects used for sidewalk vending purposes may be left or maintained in public spaces or in any portion of the public right-of-way from 10:00 p.m. to 8:00 a.m. Any equipment or objects left overnight in public spaces or in any portion of the public right-of-way will be considered discarded and may be seized or disposed of by the Town.
- E. Every sidewalk vendor must display their Town-issued sidewalk vending permit on the street-side portion of their pushcart, stand, display, pedal-driven cart, wagon, showcase, rack, or other non-motorized conveyance when operating in the public right-of-way.
- F. To prevent unintended rolling or slipping, a sidewalk vendor is prohibited from operating a pushcart, pedal-driven cart, wagon, or other non-motorized conveyance on a public-right-of-way with a slope greater than five percent.
- G. To preserve accessibility to private and public facilities, a sidewalk vendor operating on any sidewalk or public right-of-way must ensure that no obstruction is placed impeding entry to and exit from a business or residence or access to a public facility.
- H. A sidewalk vendor shall not engage in the selling of alcohol, marijuana, tobacco products, products that contain nicotine or any product used to smoke/vape nicotine or marijuana, or adult-oriented material depicting, describing or relating to sexual activities.
- I. A sidewalk vendor must carry waste disposal bags or containers to permit the separate disposal of trash, food, liquids, and recyclables.
- J. No sidewalk vending receptacle shall contain or use propane, natural gas, batteries, or other explosive or hazardous materials. A sidewalk vendor may not use an open flame on or within any sidewalk vending receptacle.
- K. Sidewalk vending receptacles shall not touch, lean against, or be affixed at any time to any building or structure including, but not limited to lampposts, parking meters, mailboxes, traffic signals, fire hydrants, benches, bus shelters, newsstands, trashcans or traffic barriers.
- L. A sidewalk vendor shall not use single-use plastic products.
- M. To promote the public's health, welfare, safety, and quality of life, sidewalk vendors shall comply with the noise regulations in chapter 8.04 of the Yountville Municipal Code.
- N. Sidewalk vendors shall comply with all provisions of the Yountville Municipal Code.
- O. Sidewalk vending hours' limitations in areas zoned for nonresidential use will be as restrictive as any limitations on hours of operation imposed on other businesses or uses on the same street, excluding those permitted to operate 24 hours.
- P. Sidewalk vending is limited to the hours of 9:00 a.m. through 5:00 p.m. for areas that are exclusively residential.
- Q. Stationary sidewalk vendors are prohibited from operating in areas that are exclusively residential.
- R. A stationary sidewalk vendor is prohibited from operating in a Town park if the Town has entered into exclusive agreements for the sale of food or merchandise by one or more concessionaires for that Town park.
- S. To limit traffic congestion and protect the safety of children traveling to and from and in and around schools from potential adverse safety impacts due, in part, to sidewalk congestion, no sidewalk vendor is permitted to operate within five-hundred (500) feet of a public or private school during the period extending one hour before the start of classes and one hour after the end of classes.
- T. To protect the health and safety of school children, no state-registered sex offender may operate as a sidewalk vendor within five-hundred (500) feet of a public or private school at any time.
