Subject: Yountville Community Center Open as Cooling Center for Power Outages

Pacific Gas and Electricity (PG&E) has announced potential power shut downs for the Napa County area on Saturday, June 8, 2019.

At this time, Yountville is not expected to have any power outages. However, the Town wants residents to know that the Yountville Community Center will serve as a cooling center in any event that causes power outages to the Town.

The Community Center is located at 6516 Washington Street, Yountville, CA 94599.
