Water Conservation Update:

Many of you may not be aware that the State Water Board has recently issued more stringent water regulations that the Town will be enforcing. These new rules will affect all of us. Whether you are a business owner or a resident, the Town of Yountville has many resources to ensure we are doing our part in this record-breaking drought.

All Californians are now prohibited from:

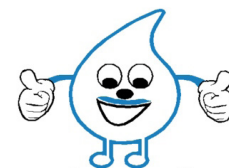

- limits on outdoor irrigation to reduce water by 20%;
- washing down sidewalks and driveways;
- watering outdoor landscapes in a manner that causes excess runoff;
- washing a motor vehicle with a hose, unless the hose is fitted with a shut-off nozzle;
- operating a fountain or decorative water feature, unless the water is part of a recirculating system; and
- irrigating turf or ornamental landscapes during and 48 hours following measurable precipitation (new).

(New) Prohibitions affecting commercial businesses include:

- restaurants and other food service establishments can only serve water to customers on request; and
- operators of hotels and motels must provide guests with the option of choosing not to have towels and linens laundered daily and prominently display notice of this option.

Upcoming events include:

- April 4th, Breakfast with the Bunny and Easter Egg Hunt
- April 11th, Hornblower Champagne Brunch Cruise

The Town of Yountville is pleased to announce the formation of its new Go Green Team! *Sherry R. Breitigam, Janet Claire-Gotch, Billie Hewitt, Davio Santos and Allyssa Wickstrom* are energetic members of the community and were appointed earlier this month to the new committee. The Go Green Team was formed to assist in the development of the Town's new Climate Action Plan. This plan will address the community's sustainability challenges and opportunities while outlining a strategy on achieving our Greenhouse Gas Reduction goals.

For more information, please contact Nathan Steele, Management Analyst, Planning Department at nsteele@yville.com for Go Green Team meetings.
