Did you know?

You must clean up after your dog!
It is the responsibility of the dog owner to keep their dogs on leashes while on walks and also to clean up after them.

75,000 Mutt Mitts were provided last year at various locations across town, encouraging dog owners to clean up after their furry friends.

Community Center Update:

The Community Hall side of the Community Center will close for renovations on July 12th and reopen on August 7th. All regularly scheduled programs will continue to be offered in the main Community Center. The renovations will not interrupt programming or library hours. Projects being completed include repair of water damaged floors, walls and ceiling as well as updating and ADA renovations to the restroom facilities. We look forward to reopening the space with a fresh look that keeps the rustic nature of the hall alive for years to come!
