**And Now a Reminder  
About Our Furry  
Friends!**

The Town would like to remind you that dogs must be kept on a leash in public places (Ordinance 6.04.060). This is a friendly reminder to respect other residents, visitors and your own pets by keeping them on a leash. We have had some unfortunate dog biting incidents in Yountville recently related to dogs being off of leash in public. Thank you for helping keep Yountville safe and happy for both furry and human friends!

The Town has upgraded all water meters in Yountville to a system that allows customers to monitor and track usage with an app. Follow the link to utilize the new system! Visit the webpage <https://eyeonwater.com/signup>

Sign up for Eye On Water to track your water usage. It's easy as 1-2-3! Residents have enjoyed this new feature and have found it easy to use. All you need is your account number (don't have it available? Call Town Hall) and an email address.

## Yountville Underpass Mural Dedication: We Did It!

In late June, the Town formally dedicated "Memory of a Tree". The mural was selected through a public process established by the Yountville Town Council and Arts Commission to be installed as a mural covering the abutments of the Highway 29 underpass and California Drive. Sofia Lacin and Hennessy Christophel of LC Studio Tutto were the artists commissioned to design the mural. The imagery demonstrates "how many of us are rooted to this land through generations".

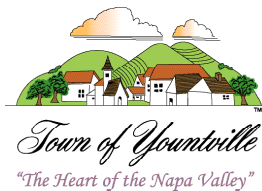

### Envision Yountville: You're Invited to the August 24th Community Workshop

The first Envision Yountville Community Workshop will be held in the Yountville Community Center on August 24, 2017 from 6-8 p.m. The workshop will focus on community involvement and attendees can expect hands on and interactive activities with opportunities to provide feedback. It has been exciting to see the fantastic turnout during the Speaker Series, and we know the enthusiasm will continue as we enter into this next phase of the effort. At these workshops, members of the community will have the opportunity to share their thoughts and opinions on what they "envision" Yountville will be in the future. The comments gathered from these workshops will be shared with the newly appointed Town Advisory Group, who will in turn use the feedback to help craft the Town's General Plan.

For more information on the workshop, the significance of the General Plan, and all other information related to Envision Yountville, please visit [www.envisionyountville.com](http://www.envisionyountville.com). The community is also invited to attend the Town Advisory Group meetings, which are held the second Thursday of every month at the Yountville Town Hall.
