Update on Veterans Memorial Park Sculpture

As part of the Veterans Memorial Park renovation project, the Council appointed an Ad-Hoc Committee to craft a call for artists and review submissions. The goal of the project was to bring a high quality Veteran themed art piece to the park as part of the project.

After staff spent considerable time going over each submission, the Ad-Hoc agreed to move forward with the sculpture proposed by Robert Eccleston titled FACES OF FREEDOM. Robert is a former U.S. Army Infantry Officer turned sculptor who specializes in creating Veteran and Civic memorials. The design consists of six stainless steel bas-reliefs in the shape of dog tags hanging from black granite framing the bas-reliefs. Hanging from the top piece of granite are six 13" by 24" stainless steel dog tags, five of which are sculpted bas-reliefs of the faces of servicemen and women from the five branches of the military. The sculpture will be 9' tall x 7' wide x 2' deep. The public will be invited to attend a special dedication of this sculpture after installation!
