Affordable Housing in Yountville - Funds Available for Owner Occupied Rehabilitation Program

In 2014, the Town was awarded a CalHome Program Grant and a HOME Program Grant from the California Department of Housing and Community Development for a total of \$830,000. These grants fund the Owner Occupied Rehabilitation Program to fund necessary home improvement projects for low income eligible residents to bring their homes up to current building code standards. Since this program began, 21 applications have been submitted and more than \$550,000 of the grant funding has been used to improve resident homes. About 30% of the grant funds are still available, but project applications are coming in quickly! If you are interested in learning more about the program, please contact Nathan Steele at nsteele@yville.com or (707) 944-8851.
