### WEBSITE UPGRADE

Have you visited the Town's new updated website? If not, then you should!

The Town's website recently went through a facelift and it is now easier and faster to navigate. The new design is ADA accessible meaning it can reach as many individuals as possible, including those with certain disabilities who may struggle with accessing or reading content on traditional websites. Town staff worked hard to make the new website stunning and provide you with quick links to all the services you may need from the comfort of your home.

Visit our new website at [www.townofyountville.com](http://www.townofyountville.com) and let us know what you think!

### GET CASH FOR GRASS

Are you tired of mowing your lawn every hot summer? Then let us help you turn it into a water-efficient landscape!

The Town offers a great cash rebate to all water customers with a Town of Yountville water account. For each square foot of thirsty turfgrass replaced, the Town will pay \$1.00 for the better drip-irrigated low-water-use plants or a permeable landscape. Take advantage of this great rebate program!

Visit [www.townofyountville.com/rebates](http://www.townofyountville.com/rebates) to find out all the details.

## HELP KEEP YOUNTVILLE SAFE

In recent weeks, cases of Covid-19 have increased in Napa County leading the State and Napa County to temporarily shut down businesses many of our residents and visitors enjoy such as indoor dining at restaurants, tasting rooms, nail and hair salons. More importantly, members of our community have been infected by Coronavirus which puts at risk our community and causes unprecedented stress to those who are directly impacted when a loved one becomes ill.

Please, help us keep Yountville safe. Remember to always wash your hands thoroughly. Keep your distance 6 feet apart from others when walking around town. Always wear your mask when visiting indoor essential businesses and in lines at our bakeries. And please, do not gather in groups anywhere. We all need to do our part preventing the spread of COVID-19.

## HOPPER CREEK PATH COMPLETED

On July 7, 2020, the Town Council approved the Notice of Completion for the Hopper Creek path reconstruction which repaired segments of the path between Hopper Creek Condos to Yount Street. The project replaced the existing aged asphalt surface with a more durable concrete surface. The new path uses the same color and style as the segment that was replaced previously from Hopper Creek Condos to Finnell Road.

All community members are encouraged to visit and walk the new path and see the neat small additions made to it to make the path more beautiful and enjoyable! Can you find the new additions to the path? Tweet your photos @TownofYountvill to show us what you found!
