WEAR FACE COVERINGS TO PROTECT LIVES

As part of the Napa County Shelter at Home Order, anyone inside places of business and in workplaces must wear face coverings. We know that people may be infected with COVID-19 but have no symptoms. Wearing a face covering can help reduce the chance that those with asymptomatic infections will spread the infection to others. If everyone wears face coverings in public, we can reduce the transmission of COVID-19.

Remember, covering your face is about helping others, and support the gradual reopening effort. By covering your face when you go out for essential reasons, you are protecting others, including vulnerable community members, and supporting the efforts for recovery. The Town administration thanks you for supporting this effort.

FOURTH OF JULY FIREWORKS CANCELLED

This Year's Fourth of July fireworks display in Yountville has officially been cancelled due to the ongoing uncertainty over the need for continued social distancing throughout the summer. Town administration waited to see the development and decisions made by the State and Napa County's Health Public Offices with regards to reopening and found that the safest decision is to avoid causing a large gathering to help mitigate the spread of COVID-19.
