

## PLEASE DON'T FLUSH DISINFECTING OR CLEANING WIPES

The Town's Utility Operations Division has found a significant increase of wipes in the Town's public sewer mains. Town staff understands that sanitizing is on everyone's mind these days due to COVID19 but flushing disinfecting wipes, paper towels, and all cleaning wipes noted as "FLUSHABLE" actually cause more harm by clogging the sewer system and causing backups and overflows to the wastewater treatment facilities. This also creates an additional public health risk to our community in the midst of the pandemic.

Please, we remind you again to not flush anything down the toilet, including items marked as flushable. Only toilet paper can be flushed. Help us keep our Town healthy and visit the NapaSan website to learn more about sewer overflow prevention <https://napasan.com/155/Sewer-Overflow-Prevention>.

## PRIMEGOV IS NOW LIVE

The Town has officially transitioned its legislative agenda system to PrimeGov. This new powerful software provides user-friendly access to Town Council agendas plus it comes integrated with Youtube which allows the public to watch the live or recorded Town Council meeting while reading the agenda.

There are two ways the public can reach the new agenda system. One way is by typing on a preferred browser [www.townofyountville.com/meetings](http://www.townofyountville.com/meetings). The other way is by visiting the Town's home page and clicking on the quick access button titled Meetings & Agendas. To view a Town Council or Boards and Commission agenda, one must find the desired date for the Town Council or Board and Commission meeting and click on HTML Agenda. A new page will open with the agenda and on top of it a Youtube video screen will appear on top the page with the live or recorded meeting. The video screen will move to the right side as a reader scrolls down to read all the items that are up for consideration by the Town Council.

Take a moment to visit our page and start familiarizing yourself with our new agenda system. The Town hopes everyone enjoys this faster and more convenient way to watch what's happening in town. And while you're at it, visit our Youtube page, subscribe to it, and see all the content we have and that we will be adding!
