MADISON AND YOUNT PROJECT COMING SOON

Construction of the Madison and Yount Streets Pavement Rehabilitation and Sewer Repair Project is scheduled for May and June. Please be aware that there will be traffic delays and temporary parking impacts.

The work includes pavement reconstruction and sewer line rehabilitation on Madison Street from Washington Street to Yount Street and on Yount Street from Hopper Creek to north of Monroe Street and installation of sidewalk and street lighting on east side of Yount from

Adams Street to Yountville Cross Road.

The Town is using two construction methods that are new to Yountville. A pipe liner will be pushed inside of the existing 1950's era sewer pipes and heated until it hardens and creates a smooth, water tight surface. This rehabilitation technique is less expensive and less disruptive to traffic than excavating a trench to replace the existing pipes.

The streets will be ground up and mixed with cement to create a hard base before paved with a new asphalt concrete surface. The full depth road reclamation will reduce costs by recycling some of the existing road materials and reduce green house gas emissions by reducing trucking between the batch plant and Project. Madison Street is one of the few truck routes across the Napa Valley and has been designed for the additional traffic loads.

If you have any questions about the project, contact John Draper at 944-8851 or jdraper@yville.com or Graham Wadsworth at gwadsworth@yville.com.

TOWN RECOGNIZES VOLUNTEERISM

On March 5th the Town Council and staff will recognize the many people in our community who give their time to making Yountville a better place to LIVE, WORK and VISIT! At our recognition event, the Town acknowledges those who volunteer on our boards, committee's and commissions as well as those who participate in the Town's volunteer program. We also pay special tribute to our business partners who have given of their time and money throughout the year. This year we are recognizing RANCH MARKET TOO! ~ the Housley Family and Cornerstone Cellars ~ Craig Camp as our business partners of the year.

NEW to the ART WALK MORNING COFFEE

Standing strong in Veterans Park, **Matt Torrens** driftwood and reclaimed metal horse "Morning Coffee" captures everyone's attention as they enter town. Creating sculptures that are in complete harmony with our environment, Matt Torrens uses driftwood and recycled objects as his primary medium. An internationally known and collected sculptor, Torrens seamlessly captures the relevance of his rural influences through his use of materials, subjects and, negative spaces.
