### Housing Element Update

The Town of Yountville, along with all other jurisdictions in Napa County and surrounding Bay Area, is updating the Housing Element. The Housing Element is one of seven elements of a General Plan and is a long-range visionary document to establish how the Town of Yountville will provide for our regional share of housing units.

The Town is asking all residents to be involved on helping craft the plan to meet Yountville's community's housing needs. You can find more detailed information and the dates for the upcoming public meetings by visiting [www.townofyountville.com/housingelement](http://www.townofyountville.com/housingelement).
