

PROCLAMATION

Declaring March 1-5, 2021

“Health Care and Essential Workers Appreciation Week”

WHEREAS, in March of 2020, the COVID-19 coronavirus emerged as a public health crisis throughout the world, resulting in unprecedented emergency orders to stay home, close schools, stop non-essential travel and business activity, and to implement personal hygiene practices to reduce the risk of infection and transmission.

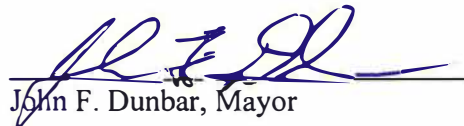

WHEREAS, the coronavirus quickly grew into a global pandemic that required a massive response by health care workers, hospital staff and other first responders to determine and provide the treatments and therapeutics required to battle COVID-19. Health care workers were required to wear personal protective equipment and implement other procedures to reduce the risk of their own exposure to the coronavirus while caring for sick patients.

WHEREAS, government directives identified businesses needed to maintain the operations of essential critical infrastructure and other sectors designated as critical to protect the health and well-being of the general public. Those sectors include food and agriculture, energy, water and wastewater, transportation, critical manufacturing, government operations, national defense and residential and sheltering facilities and services.

WHEREAS, despite being exposed to dangerous conditions and threats to the physical and mental health of themselves and their families for the last year, health care and essential workers have continued to protect and serve others without interruption.

Now, therefore let it be resolved, that I, John F. Dunbar, Mayor of the Town of Yountville, on behalf of the Town Council and the residents of Yountville, honor the health care and essential workers throughout Napa County for the dedication, compassion, professionalism and commitment to the public health and safety of our entire community. I declare March 1-5, 2021 as “Health Care and Essential Workers Week” in the Town of Yountville.

John F. Dunbar, Mayor

Dated: March 2, 2021
